Panel mounting

Introduction

Advantech's panel PCs are the most powerful all-in-one LCD computers available on the market. They have been designed to be slim and compact, to enable them to be installed into all kinds of work environments and applications. The panel PCs can be wall mounted, panel mounted or simply placed on a desktop with an elegant simple stand or a swing-arm stand. Integrated mounting holes and features make any kind of mounting option a breeze.

Panel PCs can fit perfectly in a variety of applications, including:

• Point of information (POI) kiosks
• Clean rooms
• High-level point of sales (POS)
• Industrial and manufacturing
• Restaurants
• Instrumentation and control
• Convenience stores
• Banking
• Hospitals
• Desktops and laptops
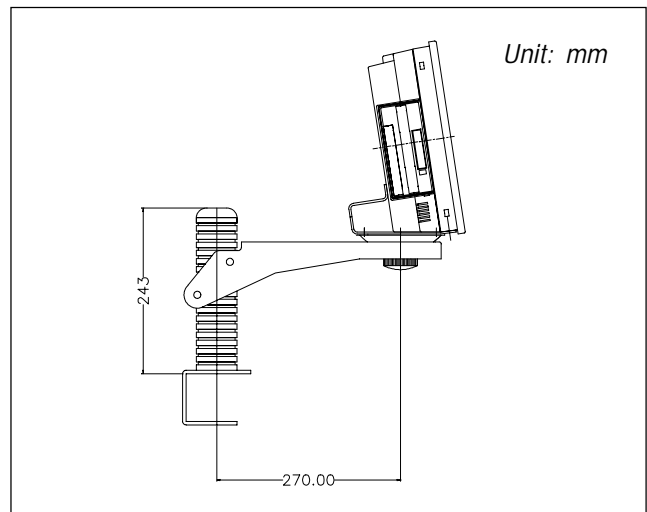

ISO-14000
Certified

Note: All features and specifications are subject to change without notice.
