

WMA-4410

Digital Media Appliance
WLAN built-in, IEEE 802.11b - 11 Mbps,
IEEE 802.11g - 54 Mbps

NEW

CE FC

Features

- High speed wireless presentation
- Streaming video from PC
- Lossless, high quality graphics display
- Supports MPEG-1/2 video format
- Supports up to MPEG-1/2 scheduling color and SXGA resolution
- Automatic playback slideshow for unattended display
- Real-time view compatible with most Windows® applications
- Automatic WLAN mode configuration
- 128-bit WEP Encryption support ensures wireless data security

Introduction

WMA-4410 is the first digital media appliance with streaming video capability for wireless presentation, remote monitoring, digital signage, and media distribution. It supports the MPEG-1/2 industrial standard formats. WMA-4410 displays PC desktop or notebook images over wireless LAN in real-time using an efficient compression technology. The utility software is compatible with most Windows applications, even DirectX programs. The 32-bit color SXGA resolution meets today's high quality display demands. WMA-4410 also supports PC-less presentation by reading files from a USB flash disk. The web-based interface and automatic configuration makes WMA-4410 very easy to use. For enhanced security, WMA-4410 has WEP 128-bit encryption.

Hardware Specifications

- **Processor System** RISC Media Processor
- **Memory** 64MB DDR SDRAM
- **Storage** Flash Memory 8 MB
- **I/O Interface** Analog Video Port (VGA DB15) x 1, 10/100Base-TX Fast Ethernet x 1, USB 2.0 x 2
- **Wireless** IEEE 802.11g
- **Miscellaneous** Reset Button, Indicator LEDs for Power, LAN, WLAN, USB
- **Power Requirement** AC/DC power adapter, DC 12 V input
- **Dimensions (W x H x D)** 180 × 34.5 × 119.3 mm

Software Specifications

- **Supported Mode** Real-time View mode, Slide Show mode, Streaming mode
- **Supported Format** PowerPoint (Converted to JPG), JPEG, MPEG-1/2
- **Supported Resolution** VGA, SVGA, XGA, SXGA
- **Supported Color Depth** 8 / 16 / 24 / 32 bits

System Requirements

- **CPU** Pentium III or above
- **RAM** 128 MB recommended
- **Operating System** Windows 2000 / XP

Ordering Information

- **WMA-4410** Wireless Media Appliance
