

DECLARATION OF CONFORMITY

According to ISO/IEC Guide 22 and EN 45014

ICRON TECHNOLOGIES CORPORATION

221 – 4664 Lougheed Hwy.
Burnaby, British Columbia
V5C 5T5
Canada

declares that the products:

EL5200 and VU5200
KVM (Keyboard, Video & Mouse) extension device for USB 2.0 Standard computer peripheral devices and HDMI

conforms to EU Directive 2011/65/EU (RoHS2) allowing for the maximum concentrations of the following substances in homogeneous materials:

Substance	Maximum Allowed Concentration (% w/w)
Lead	0.1%
Mercury	0.1%
Cadmium	0.01%
Hexavalent chromium	0.1%
Polybrominated biphenyls (PBB)	0.1%
Polybrominated diphenyl ethers (PBDE)	0.1%

Chemical breakdown and independent test reports are not routinely performed for our products; Icron Technologies confirms RoHS compliancy through sourcing and manufacturing means and ensures that all production steps results in a RoHS compliant product and that all homogenous materials contained in Icron Technologies' products are RoHS compliant as per EU Directive 2011/65/EU.

This declaration is issued under the sole responsibility of Icron Technologies Corporation and declares that the product herewith is in conformity with Directive 2011/65/EU.

The declaration made is based on Icron Technologies' current understanding of the RoHS2 directive and information provided through supplier material declarations regarding the composition of components and materials comprising Icron product.

Icron Technologies Corporation
